About Us

GBL Chemical Limited is a wholly owned subsidiary of Ganesh Benzoplast Limited, the flagship company of Ganesh Group of Companies which was incorporated in 1986. Ganesh Group is well known for its strong R & D presence and introduction of new technologies giving it stability and ability to meet global standards for product quality. Over the years, the company has implemented several expansion and diversification schemes and emerged as a multi-divisional, multi-locational company with business interests in Chemicals, Lubricants Additives & Food Preservatives.

The company has two chemical manufacturing facilities around Mumbai, India. We are the only company approved by the Bureau of Indian Standards. Also the only company to manufacture Benzoic Acid and Sodium Benzoate in the organised sector, to manufacture from the raw-material Toluene. The company manufactures Lubricants Additives and components based on the latest technology from the U.S. With wide experience in the field of Chemicals & Petrochemicals for more than 15 years.

Products manufactured by us are in great demand both in the Domestic & International Market. The chemical products are mainly exported to South America, North America, Africa, United Kingdom, Europe, South-East Asia & Middle-East.

Vision

We aim to contribute to the well-being of humanity, GBL strives to provide quality products and services through operational excellence, technology development, and innovation.

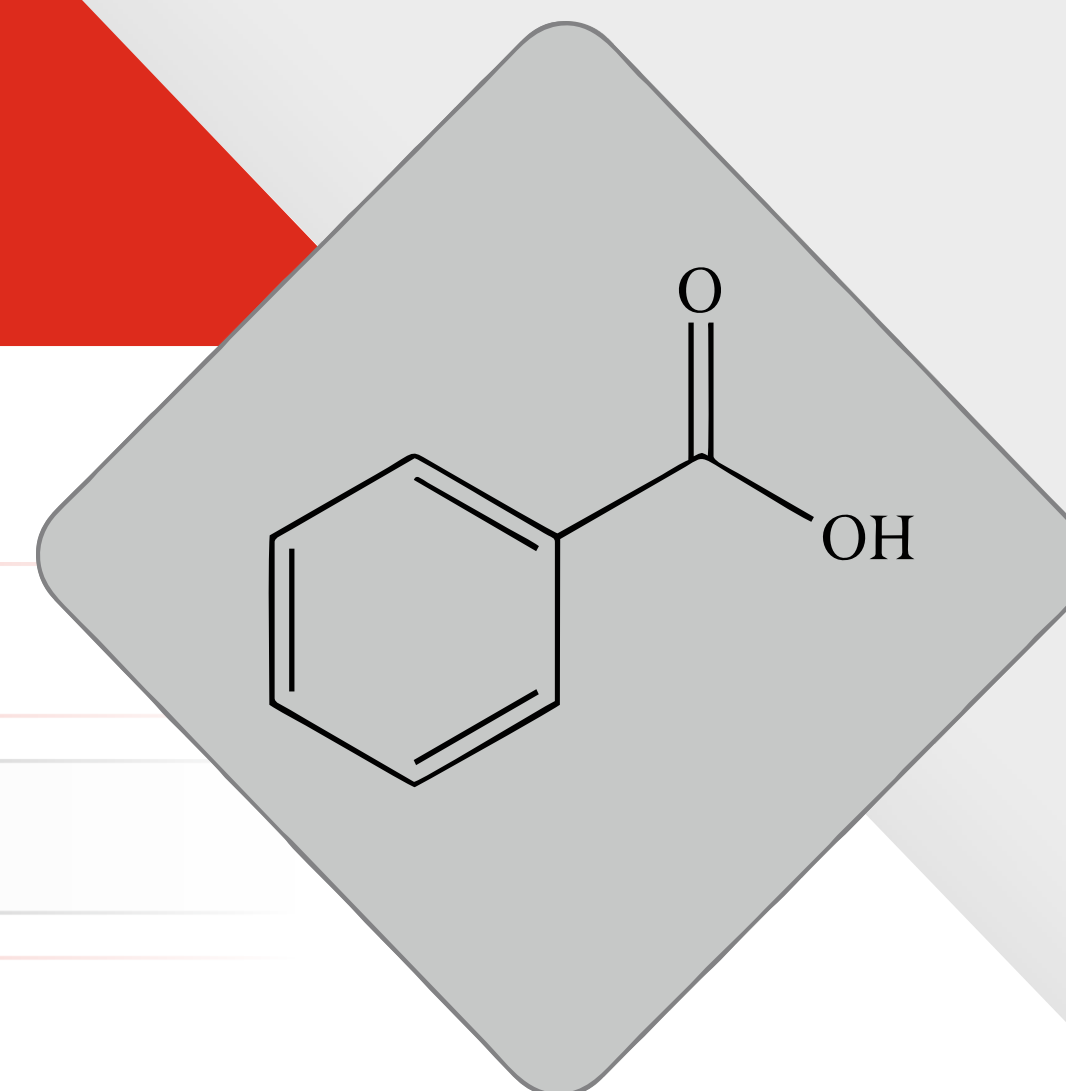

Mission

To achieve its mission, GBL shall continue to invest in the further growth of its footprint and in continuous operational improvements.

BENZOIC ACID

CAS No. 65-85-0

EC No. 200-618-2

Formula C₇H₆O₂

Form White crystalline Powder, Flakes

Purity Content: 99.0%-100.5%
Moisture ≤ 0.5%
Melting Point 121°C –123°C

Grade

- Industrial Grade
- Technical Grade
- India Pharmacopoeia (IP)
- British Pharmacopoeia (BP)
- USP
- Food Grade
- FCC
- “GB 1886.183-2016” Food Additives, Benzoic Acid
- Feed Additives, Benzoic Acid E210

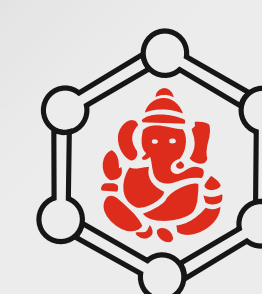

Certificate Halal, Kosher, BIS, FSSAI (food grade),
ISO 9001:2015, 14001:2015 & 45001:2018, GMP,
FDA, HACCP

Package Benzoic Acid available in 25KG craft paper bag
in HMDPE liner, 25KG Fibre or HDPE Drum,
Jumbo packing of 500KG

Shelf-Life Five Years

Usage Paint industry, Intermediates of & chemical
Pharmaceutical and dye, food Preservatives, anti-
oxidant etc...

Notes Closed operation, full ventilation. Keep away from
fire and heat. Avoid accumulation of static electricity.
Avoid oxidants. Avoid contacting with skin and eyes.
Avoid steam leakage. Keep packing closed always.
